

Shifting Control of Growing Up Session Eight

THE CHALLENGE

- God will ask us to give things up in order to experience abundant life.
- We resist because we don't believe God can really bring about life change.

THE SOLUTION

I must be willing:

- To go with the Lord into deep water.
- To throw my net on the other side.
- To listen to the voice of Jesus and Him alone.
- To be completely honest with self, others and God.
