

Assignment #: 10
A Look Back...

Which one or two women were you able to relate with the most through this study? Why?

Take a look back at each woman we studied this semester, whose story gives you the most encouragement? Why?

Take a look back at all the areas in which these biblical women experienced change: eternal destiny, worship, faith, longings, distracted anxiety, hopelessness, changed plans, disappointments, relationships, etc. In what areas of your life have you felt a nudge or need toward change?

How have you responded?

As we move into the holiday break, how can your group pray for you as it relates to a positive, spirit-led change in your life?
